

STELLA BELLA

2024 Semillon Sauvignon Blanc

Born and bred in Margaret River, Semillon Sauvignon Blanc harnesses the characteristics of the Margaret River lifestyle and ocean living. Fresh flavours from the elegance of Luminosa vineyard Semillon and the punchy perfume and fruit drive of our Rosa Brook Road vineyard Sauvignon Blanc...a perfect harmony.

Appearance

Pale straw with green hues.

Abundant aromas of...

White flowers, freshly squeezed lime and pink grapefruit, complemented by subtle hints of toasted nuts, and fresh orange blossom.

Palate

Instantly pleasing with lovely weight and generous texture. Pink grapefruit, lemon and lime follow through on the palate with a hint of pear drop. Refreshing natural acidity leaves you wanting another glass.

Enjoyment

A Margaret River classic, freshly caught Augusta King George Whiting.

Oak	100% tank
Cellar	Enjoy while young and vibrant + cellar to 3 years
Alcohol	12.6%
pH	3.24
Acidity	6.61

Place

Our Sauvignon Blanc and Semillon vines are planted throughout our collection of southern Margaret River vineyards. The majority of Semillon is derived from our Luminosa vineyard and Sauvignon Blanc from our Rosa Brook Road vineyard. A multiple personality wine, it represents the uniqueness of each vineyard site while maintaining a defined Stella Bella style.

Vintage 2024

An exceptional vintage with clear skies and minimal rainfall from September onwards creating ideal conditions. Good viticulture reigned supreme and in the south, our vines thrived under the clear skies, accelerating flavour development across all varietals. Although the yields were slightly lower, the quality remains outstanding, expect ripe aromatics, lifted perfumes and generous textures.

Winemaking

Semillon and Sauvignon Blanc were fermented in tank to enhance aroma with already abundant textures from a warmer vintage.
